Benchmark Selected as Preferred Training Supplier by Urenco Ltd

Benchmark Training Ltd has been selected by Urenco (UK) Ltd as its preferred supplier of voice communications training to its on-site staff. Urenco (UK) Limited is wholly owned subsidiary of Urenco Limited and has established itself as a highly successful operation in the enrichment of uranium and associated technologies. Located in Capenhurst, near Chester, the site operates three plants producing enriched uranium to enable nuclear power stations around the world to generate electricity. Benchmark commenced the extensive, on-site training programme in September 2009 and is looking to complete the training of the initial tier of staff by March 2010. Tony Slaney, Benchmark's Senior Instructor, developed the programme in conjunction with Urenco staff and he is also responsible for delivery of the training programme.
