***Are you happy with your staff training?***

Would a new member of staff know...

- what to do if an emergency occurred?
- how to spot a shoplifter or fraudster?
  
- *Do you have confidence that your retail environment is as safe and secure as it could be?*
- *Would you like to reduce losses, increase sales and know that your staff were up to speed on emergency procedures?*
- *Isn't it worth one day's intensive, but inexpensive, training to increase staff awareness and knowledge?*

Benchmark Training has developed a bespoke one day (modular) package to cover essentials that are often missed in induction training: Retail crime, personal safety and security procedures

Designed to meet local needs and delivered in the workplace at a time to suit you, this training is too important to miss
